

The Y Studio on 2/F is particularly spacious and versatile: it measures 26.3m long, 12.4m wide and 5.6m tall, and can fully accommodate different stage set-ups or scene settings. The hall can be transformed into a Studio theatre that holds minimum 256 persons, or a fully opened space (without seating) that holds about 500 persons, or can be used for rehearsals, exhibitions, etc. at any time as well. The size of the venue can be adjusted by using operable partition walls.
